

ACCESS TO RELIABLE SUPPORT

Tait Assurance

**RELIABLE SUPPORT WHEN
YOU NEED IT MOST.**

tait
communications

KEEPING YOU SAFE AND ON-MISSION

Unleash your team's potential with fit-for-purpose, critical communications solutions from Tait Communications.

For more than 50 years, Tait Communications has been designing, delivering and supporting critical communications networks for public safety, transportation, mining, oil and gas, and utilities customers around the world.

Tait Communications helps you stay safe and on mission when the heat is on. From comprehensive radio networks with advanced data capabilities to support and managed services, you can trust Tait. Built with Kiwi ingenuity in Christchurch, New Zealand, we put your safety at the top of our agenda day in, day out.

We believe we can make the world a safer, better and more efficient place through our commitment to open standards, interoperability and better safety outcomes.

Tait solutions are customizable, versatile, flexible and built for every challenge. We uphold the principles of our founder, Sir Angus Tait:

**“ IF IT CAN SAVE
A LIFE, MAKE IT
TOUGH ENOUGH
TO SURVIVE
ANYTHING.**

TAIT ASSURANCE SUPPORT SERVICES

Respond with confidence and resolve incidents that impact delivery of service to your business and workforce, with the assurance of reliable technical support services when you need it most and extended warranty coverage for your devices.

When incidents threaten to disrupt the service you provide to the business and workforce, feel confident in your ability to resolve them with both the assurance of quality with Tait Support Engineer assistance, and extended warranty repair services.

The Tait Assurance Support Services Package is an affordable set of services that provides an extended warranty for your Tait terminals and base stations and includes assistance with any associated issues should they arise.

ONLINE SERVICE DESK

Access the expertise of Tait Support Engineers via a secure online service portal during business hours to log and address incidents or service requests.

TECHNICAL SUPPORT

Experienced radio engineers work during business hours to provide more detailed technical support, investigation and escalation of complex incidents.

ACCESS SOFTWARE UPDATES

Ensuring your software is current protects you from vulnerabilities, can improve performance and stability, minimizes downtime and keeps your system running smoothly. Continue to realize the full potential of your Tait investment through ongoing maintenance. Securely access and download firmware and software updates, as well as calibration and service kits used to configure, diagnose and update your equipment.

ONLINE PORTAL

Proactively manage service cases, download software updates and access support documentation online anytime. Using a web browser and secure login, access your service account to create new cases, track active cases, and review previous cases, providing a comprehensive view of service performance.

EXTENDED HARDWARE WARRANTY

Feel secure in knowing that Tait designs and manufactures all its products with the highest quality materials and workmanship, so we can confidently stand behind them for years. Tait's standard 2-year hardware warranty is extendible up to 5 years.¹

If your Tait hardware experiences a mechanical, electrical or defect fault, Tait will promptly repair or replace your equipment. See terms and conditions for further information.

SUPPORT SERVICES PACKAGE OPTIONS

Tait offers three tiers of support services packages, flexible enough to cater to the unique requirements of any organization.

1. Tait provides a standard 2-year hardware warranty for standalone terminals & base stations, extendible by up to 3 years for a total of 5 years, as an extended hardware warranty. Tait provides a standard 1-year warranty for any accessories or batteries. See terms and conditions for further information.
