# DEFENSIBLE EVIDENCE, CLEAR ACCOUNTABILITY

## ALTITUDE DIGITAL EVIDENCE MANAGEMENT SYSTEM

Altitude DEMS is more than just storage, it's a complete digital evidence ecosystem built for those who serve and protect. Altitude ensures every moment is captured, secured and accessible when it counts most. Reliable, scalable and designed to perform under pressure, because the frontline deserves nothing less.

# Tait Video Solutions

## INTRODUCTION

Tait Video Solutions offers secure, open and affordable Body-Worn Cameras and Digital Evidence Management Systems. It enhances frontline safety and operational accountability with rugged cameras and flexible evidence solutions that integrate with existing Computer Aided Dispatch, Records Management and Video Management Systems.

### PROTECTION THROUGH TRUST

We stand with the security professionals who protect people, property and places every day. By giving your teams the tools to capture the truth with clarity and confidence, we help ensure they're supported and protected the moments that matter most.

### EMPOWERMENT FOR EVERYDAY HEROES

Our video solutions are designed to empower the protectors. Whether it's a security guard or compliance officer, we give them the tools they need to do their jobs safely and with dignity.

### SAFETY FIRST, ALWAYS

A commitment to safer communities is at the heart of Tait solutions. We believe that everyone deserves to feel protected; from the frontline field to the families and citizens they look out for.

### RELIABILITY UNDER PRESSURE

Those who protect others don't always get second chances. That's why our solutions are built to perform in high-stress environments. Reliability isn't just a feature; it's a promise we make to those who depend on us.

*"It's like having an extra set of eyes on the ground, ensuring our team feels secure and incidents are documented with clarity. Top-notch reliability make it a must-have in our line of duty"*

# Altitude DIGITAL EVIDENCE MANAGEMENT SYSTEM BENEFITS

## UNIFIED EVIDENCE ECOSYSTEM

Altitude is the secure home for all your digitevidence. It brings together high-quality video, audio and data from the Body-Worn Cameras, protecting the truth from the moment it's captured.

## EASY EVIDENCE UPLOAD

Altitude makes it easy to upload evidence securely. All recordings are automatically uploaded - simply by docking the camera.

## MORE THAN STORAGE

Altitude empowers your team to manage, review and share evidence with confidence. It delivers clear insights, greater accountability and the operational transparency your community deserves.

## INGEST & STORE EVIDENCE

Secure cloud platform effortlessly stores large data volumes, capable of scaling to support over the creation of evidence by 1,000s of cameras in a single instance.

## MAINTAIN EVIDENCE INTEGRITY

Altitude DEMS ensures tamper-proof digital evidence through advanced cryptographic techniques and secure storage protocols. Maintaining chain of custody and system audit logs to monitor user behavior and safeguarding confidentiality.

## AI-POWERED PRIVACY PROTECTION

Altitude safeguards personal information with built-in tools that protect people while keeping evidence secure. Faces can be automatically blurred with AI-powered video redaction and private conversations can be muted with audio redaction.

## SECURELY MANAGE YOUR DATA

Altitude organizes, categorizes and retrieves data with advanced metadata tagging, facilitating secure sharing among authorized personnel for enhanced investigative effectiveness.

## SIMPLE INCIDENT COLLATION

Altitude DEMS allows easy compilation of evidential footage with other critical data for real-time or retrospective incident insights.

### OPEN ECOSYSTEM CONNECTIONS.

Altitude is built on an open ecosystem philosophy: where others create barriers, we remove them. Designed to integrate with your existing systems, Altitude supports open standards and APIs so organizations can scale on their terms. From Computer Aided Dispatch to Video Management and Records Management systems, Altitude connects into most ecosystems.

#### ✓ Full Audit and Chain-of-Command Logs

Maintain transparency and accountability with comprehensive audit logs and chain-of-command records.

#### ✓ Granular Role-Based Permissions

Enforce strict access control with granular role-based permissions for enhanced security.

#### ✓ ISO27001 Certified

Tait proudly holds ISO27001 certification, ensuring the highest standards in information security.

#### ✓ SHA-256 Cryptographic Hash

Preserve the integrity of evidence with SHA-256 cryptographic hash technology to prevent tampering.

#### ✓ RTAC (Request to Access Content)

Efficiently manage evidence access through RTAC, ensuring meticulous control over data integrity.

#### ✓ TLS1.2 Encryption

Encryption at rest and in transit – AES 256 secures all data at rest, TLS 1.2 protects data in transit.

#### ✓ Flexible Deployment Options

Altitude is available as Software-as-a-Service (SaaS), private cloud, or on-premise.

Available in Asia Pacific, Europe and United States.

### ALTITUDE DIGITAL EVIDENCE MANAGEMENT SYSTEM

#### Identity

Account/Password Management with 2-Factor Authentication (2FA)  
Identity Integration (IAM) - MS Entra, Okta, OIDC

#### Evidence Creation

Body-Worn Camera (BWC) Device Management  
Automatic Upload of body camera recordings to secure storage  
BWC kiosk application for single and multiple camera deployments  
Multi-camera dock station  
QR code check in/out of BWCs (optional)  
Biometric Scanner for check in/out of cameras (optional)

#### Evidence Management

Chain of Custody Report  
Audit Trail Report  
Evidence Integrity - SHA 256 Hash  
Evidence Exporting  
Video Clipping and Audio Redaction  
AI-Video Redaction  
Customizable retention policies  
Customizable categories  
Customizable Metadata Fields  
Reporting

#### Integration

REST API allows 3rd party systems to perform various functions with cameras, monitoring, working with evidence  
Support RTSP, RTMP, SRT, WebRTC live video standards  
Mobile App SDK for integrating Android & iOS apps with BWCs
