Tait Video Solutions

INTRODUCTION

Tait Video Solutions offers secure, open an affordable Body-Worn Cameras and Digital Evidence Management Systems. It enhances frontline safety and operational accountability with rugged cameras and flexible evidence solutions that integrate with existing Computer Aided Dispatch, Record Management and Video Management Systems.

PROTECTION THROUGH TRUST

We stand with the security professionals who protect people, property and places every day. By giving your teams the tools to capture the truth with clarity and confidence, we help ensure they're supported and protected the moments that matter most.

EMPOWERMENT FOR EVERYDAY HEROES

Our video solutions are designed to empower the protectors. Whether it's a security guard or compliance officer, we give them the tools they need to do their jobs safely and with dignity.

SAFETY FIRST, ALWAYS

A commitment to safer communities is at the heart of Tait solutions. We believe that everyone deserves to feel protected; from the frontline field to the families and citizens they look out for.

RELIABILITY UNDER PRESSURE

Those who protect others don't always get second chances. That's why our solutions are built to perform in high-stress environments. Reliability isn't just a feature; it's a promise we make to those who depend on us.

Altitude

DIGITAL EVIDENCE MANAGEMENT SYSTEM

UNIFIED EVIDENCE ECOSYSTEM

Altitude is the secure home for all your digital evidence. It brings together high-quality video, audio and data from Body-Worn Cameras, protecting the truth from the moment it is captured.

MORE THAN STORAGE

Altitude empowers your team to manage, review and share evidence with confidence. It delivers clear insights, greater accountability and the operational transparency your community deserves.

AI-POWERED PRIVACY PROTECTION

Altitude safeguards personal information with built-in tools that protect people while keeping evidence secure. Faces can be automatically blurred with AI-powered video redaction and private conversations can be muted with audio redaction.

MATRIX 2 PLUS BODY-WORN CAMERA

BENEFITS

Confidence on every patrol. Your actions protected, your professionalism proven.

When every second counts, Matrix 2 Plus is there to protect you and the people you serve.

Simple to use, impossible to doubt. Reliable protection that works as hard as you do.

INTELLIGENT EVIDENCE WHEN IT MATTERS MOST

With a full-shift battery, instant-start recording and secure evidence handling, Matrix 2 Plus is the dependable companion for every mission. From daylight to darkness, in the rain or in the heat, it delivers consistent performance without compromise.

ALWAYS READY, ALWAYS RELIABLE

Power up and record in seconds. The ultra-long 100-hour standby ensures Matrix 2 Plus is ready for action when it matters most. One-touch operation keeps focus on the moment, not the menu.

PROTECTED EVIDENCE FROM CAPTURE TO COURTROOM

AES-256 encryption, signed digital certificates and SSL technology safeguard every frame and log. Whether stored on-device or offloaded via the secure Drop-In Dock, evidence integrity is never compromised.

EVIDENCE YOU CAN TRUST

Built-in GPS logs exact time, speed and location data, every frame is tagged with authenticity. Watermarks record user ID, date/time and coordinates for unquestionable accuracy.

RELIABLE IN ANY ENVIRONMENT

IP67-rated and MIL-STD-810G certified, Matrix 2 Plus is dust-resistant, waterproof and drop-tested to 5.9 ft (1.8 m). It's lightweight (5.6 oz/158 g) but built tough for the unpredictable.

SEE CLEARLY, DAY OR NIGHT

Dual IR illuminators and automatic low-light performance ensure visibility in total darkness. The pre-record function captures moments even before the record button is pressed, because every second counts.

STEALTH WHEN YOU NEED IT

In high-risk or discreet operations, Stealth Mode disables all LEDs and sounds, allowing users to remain low-profile without compromising recording quality.

COMFORT YOU CAN COUNT ON

The Matrix 2 Plus is built to move with you. Compact, lightweight and ergonomically balanced, it stays comfortable through even the longest shifts. Multiple mounting options ensure a secure fit on any uniform, while glove-friendly buttons and intuitive controls mean less fumbling and more focus. It's designed to feel like part of your uniform, not a burden on it.

FOR EVERY SHIFT

Matrix 2 Plus delivers dependable performance shift after shift. Compact and rugged, it's designed to capture reliable video evidence in the toughest conditions, supporting frontline workers without slowing them down.

LIVE SITUATIONAL AWARENESS

See what matters in real time. Stream from multiple cameras simultaneously via Wi-Fi, track locations, and give supervisors the visibility they need to act with clarity and confidence.

MATRIX 2 PLUS BODY-WORN CAMERA

SPECIFICATIONS

GENERAL INFORMATION	
Dimensions (DxWxH)	0.87 in x 3.11 in x 2.20 in (22 mm x 79 mm x 56 mm)
Weight	5.6 oz (158 g)
PERFORMANCE	
Video Resolution	2560 × 1440 @ 30 fps, 1920 × 1080 @ 30/60 fps, 1280 × 720 @ 30/60 fps, 848 × 480 @ 30/60 fps
Photo Resolution	Up to 40 megapixel JPEG image, Burst Mode (3 or 5 images per press)
Media Format	H.264/H.265 video codec, AAC audio codec, .MP4 file
Pre-Recording	Configurable up to 120 seconds (resolution dependent)
Post-Recording	Configurable up to 60 seconds
Snapshot Capture	Take still photos while recording video at same resolution
Lens Angle	Wide 140° field of view for maximum scene coverage
Night Vision	Dual IR illuminators (auto switch via photo-resistor), 10 m range with visible face detection
Low-Light Performance	Ultra-low-light colour capture with auto illumination
CONNECTIVITY	
Wi-Fi	Dual-band AC Wi-Fi
Bluetooth	Bluetooth 5.0 BLE
GPS	On-board GNSS for location and speed metadata
Dock Upload	Rapid data offload via secure Drop-In Dock to Altitude DEMS
Live Streaming	Over Wi-Fi (network dependent)
SECURITY	
Encryption	AES-256 encryption of media and logs; RSA digital certificates for key management
Data Integrity	Signed certificates and SSL protection for data in transit
Compliance	ISO 27001 aligned data handling through Altitude DEMS
Watermark	User ID, Device ID, date, time, GPS lat/long/speed, custom field

USABILITY	
Controls	Simple three-button layout (Power, Record, Photo) with haptic and audio feedback
Notifications	Visual (LED), Audible (Chime), Haptic (Vibration)
Stealth Mode	Disables lights and sounds for low-profile operation
Start-Up Time	Recording within 2 seconds of power-on
Mounting Options	Multiple KlickFast and magnetic mount choices for comfort and stability
BATTERY & POWER	
Battery Type	3200 mAh integrated Li-ion
Runtime	Up to 12 hours continuous operation
Standby Mode	Up to 100 hours ultra-long standby
Charging Method	USB-C Port, docking connector
DURABILITY	
Drop/Shock	5.9 ft (1.8 m) to concrete (MIL-STD-810G)
Ingress Protection	IP67 - dust tight and waterproof to 1m for 30 minutes
Operating Temperature	-4 °F to 131 °F (-20 °C to 55 °C)
Storage Temperature	-4 °F to 131 °F (-20 °C to 55 °C)
CERTIFICATIONS	
FCC	✓
CE	✓
IEC 60950-1	✓
IP67	✓
MIL-STD-810G	✓
STORAGE AND ACCESSORIES	
Storage Capacity	Standard 64 GB (on-board), upgradeable to 128 GB
Included Accessories	USB cable, single charging cradle, metal clip included

WE GO BEYOND FOR A SAFER WORLD.
