MATRIX MINI BODY WORN CAMERA

Compact, discreet, and powerful, the Matrix Mini protects public-facing workers with HD recording in a design that weighs just 75 grams. Built to deter aggression and capture vital evidence, it's the perfect partner for retail, healthcare, customer service, and hospitality environments where safety and professionalism matter most.

m-View
A Tait Company ●●

INTRODUCTION

m-View is a secure, open, and affordable body-worn video and evidence management solution. It helps frontline teams feel safer and operations more accountable by combining rugged cameras, real-time streaming, and flexible evidence management, all designed to integrate seamlessly with customer systems and scale across industries.

PROTECTION THROUGH TRUST

We stand with those who serve on the frontlines (law enforcement, emergency responders, and public protectors). By giving them the tools to capture truth and evidence with confidence, we ensure they are never left without support in moments that matter most.

EMPOWERMENT FOR EVERYDAY HEROES

Our video solutions are designed to empower the protectors. Whether it's a police officer or council worker we give them the tools they need to do their jobs safely and with dignity.

SAFETY FIRST, ALWAYS

At the heart of m-View is a commitment to safer communities. We believe that everyone deserves to feel protected; from the frontline field to the families and citizens they look out for.

RELIABILITY UNDER PRESSURE

Those who protect others don't always get second chances. That's why our solutions are built to perform in high-stress environments. Reliability isn't just a feature; it's a promise we make to those who depend on us.

Altitude

DIGITAL EVIDENCE MANAGEMENT SYSTEM

UNIFIED EVIDENCE ECOSYSTEM

Altitude is the secure home for all your digital evidence. It brings together high-quality video, audio, and data from m-View body-worn cameras, protecting the truth from the moment it is captured.

EASY UPLOAD, SECURE STORAGE

Matrix Mini integrates effortlessly with Altitude DEMS through the Drop-In Dock. Once placed in the dock, recorded footage is automatically uploaded via a secure, encrypted connection.

EVIDENCE MANAGEMENT MADE EASY

Altitude DEMS automatically tags footage with time, date, and device ID metadata from the Matrix Mini, maintaining a complete chain of custody.

Users can review, categorise, and share evidence through Altitude's intuitive interface, ensuring every recording is preserved, searchable, and compliant with operational and privacy standards.

AI-POWERED PRIVACY PROTECTION

Altitude safeguards personal information with built-in tools that protect people while keeping evidence secure. Faces can be automatically blurred with AI-powered video redaction, and private conversations can be muted with audio redaction.

SCALABLE AND COMPLIANT

The Matrix Mini integrates into the wider m-View ecosystem. Multiple cameras can upload simultaneously through networked docks, feeding directly into Altitude's role-based access controls, audit trails, and AI-powered redaction tools.

Matrix **MINI** BODY WORN CAMERA

BENEFITS

Matrix Mini protects you when customer interactions turn challenging.

Discreet protection that captures every detail. Matrix Mini keeps you covered and confident.

Compact protection with crystal-clear evidence. Matrix Mini has your back on every shift.

SAFETY THROUGH VISIBILITY

The presence of a camera can calm tense situations before they escalate. Matrix Mini's wide 120° lens and superior low-light capture ensure every detail is recorded clearly, day or night.

COMPACT CONFIDENCE

The Matrix Mini's 75-gram build makes it easy to wear all day without fatigue. It can be worn comfortably on any uniform without getting in the way. It's designed for long shifts, constant movement, and the realities of frontline work.

FAST, SIMPLE, AND SECURE

A single button starts recording in under two seconds. When the shift ends, the Drop-In Dock offloads encrypted footage instantly to secure storage or Altitude DEMS, ensuring evidence integrity and data security.

PROTECTED DATA, PROTECTED PEOPLE

AES-256 encryption, signed certificates, and SSL technology keep every recording secure, on device and in transit. Each file is automatically watermarked with date, time, user ID, and location metadata for accountability and authenticity.

SEE CLEARLY, EVEN IN THE DARK

The Matrix Mini's ultra-low-light sensor and infrared illumination capture what others can't. Whether indoors or outdoors, it records reliable, court-ready footage in all conditions.

READY WHEN YOU ARE

Up to 10 hours of recording time, 100+ hours of standby, and rapid charging ensure uninterrupted performance through every shift.

STAY DISCREET, STAY SAFE

Stealth Mode disables all lights and sounds in high-risk or sensitive situations, keeping users safe without drawing attention.

READY IN AN INSTANT

When every second counts, the Matrix Mini is ready to go. With rapid start-up and simple one-touch recording, it powers on and begins capturing in under two seconds, ensuring you never miss a critical moment.

COMPACT BY DESIGN, POWERFUL BY NATURE

Engineered for the frontline, the Matrix Mini is our smallest, lightest, and most discreet body-worn camera. Despite its size, it packs full-shift endurance, HD video, and military-grade durability, ensuring safety and accountability never come second to comfort.

SPECIFICATIONS

GENERAL INFORMATION

Dimensions (DxWxH)	24 mm x 63 mm x 50 mm
Weight	75g

PERFORMANCE

Video Resolution	2560 × 1440p @ 30fps, 1920 × 1080 @ 30/60 fps, 1280 × 720 @ 30/60 fps, 848 × 480 @ 30/60 fps
Photo Resolution	4 MP - 40 MP (JPEG) Burst Mode (3 or 5 images per press)
View Angle	120° wide angle lens
Video Compression	H.264/H.265
Audio Format	AAC
Video Format	MP4
Snapshot	Capture still images while recording video
Pre-Recording	Configurable up to 60 seconds (resolution dependent)
Post-Recording	Configurable up to 60 seconds
Image Stabilisation	Optional 6-axis gyro stabilisation
Motion Detection	Configurable motion-based recording trigger
Night Vision	Ultra-low-light performance

CONNECTIVITY

Network	Wi-Fi 802.11 b/g/n/ac, 2.4 /5GHz Dual Band
Bluetooth	Bluetooth 5.0, BLE, peer activation (Tait Radio)
Dock Interface	Docking connector, USB-C port

SECURITY

Encryption	AES-256 encryption at rest
Storage	Internal, non-removeable storage
Watermark	User ID, Device ID, Date, Time, and Logo

USABILITY

Controls	2 button - Power/Record, Photo/Stealth
Notifications	LED indicator, audible chime, vibration feedback
Stealth Mode	All lights and sounds disabled for discreet recording
Start-Up Time	< 2 seconds to record
Mounting Options	Multiple lightweight clips and magnetic mounts
Docking	Single or multi-bay Drop-In Docks for rapid upload

BATTERY & POWER

Battery Type	Integrated rechargeable lithium-ion
Recording Time	Up to 9 hours (720p @ 30 fps) / 8 hours (1080p @ 30 fps)
Standby Mode	100+ hours
Charging Time	~ 3 hours full charge

DURABILITY

Drop/Shock	1 m drop to hard surface
Ingress Protection	IP65 - dust and water resistant
Operating Temperature	-20 °C to +55 °C

CERTIFICATIONS

CE	✓
WEEE	✓
REACH	✓

STORAGE AND ACCESSORIES

Storage Capacity	64 GB, or optional 128 GB
Docking Interface	Secure Pogo-pin connection, USB-C Port
Included Accessories	USB-C cable, single cradle
