9.2. Any additional tests of the Product, which may be required by the Buyer, must be agreed separately in writing and these tests may then be the subject of extra charges and allocation of extra time for performance of such tests.

The rights of the Buyer in software not produced by Tait but included in the Product may be subject to the Buyer accepting conditions of sub-license required by the owner of such software.

- 10.5. The Buyer hereby waives any right to receive a verification statement under the Personal Property Securities Act of 1999 ("PPSA").
- 10.6. Nothing in sections 114(1)(a), 117(1), 133 and 134 of the PPSA shall apply to this Agreement. The Buyer's rights as a debtor in sections 116, 119, 120(2), 121, 125-127, 129 and 132 of the PPSA shall not apply to this Agreement.

- 13.1. Subject to any express warranties given in writing by Tait, to the maximum extent permitted by law, all terms, warranties or representations, whether statutory or otherwise, and whether express or implied, oral or written, as to the state, merchantability, description, quality, purpose or fitness of the Product are hereby expressly excluded.
- 13.2. The Buyer acknowledges that the Product is not of a kind ordinarily acquired for personal, domestic or household use or consumption and that it will use the Product for business purposes and, accordingly, it is agreed that, to the maximum extent permitted by law, the provisions of Consumer Guarantees Act 1993, or any other relevant consumer protection legislation, do not apply to this Agreement.
- 13.3. The Buyer warrants that it has not relied on any representation made by Tait which has not been stated expressly in this Agreement or upon any catalogues or publicity material produced by Tait and no statement made or agreed and no liability undertaken orally shall be binding upon Tait unless confirmed by Tait in writing.
- 13.4. The goods sold by Tait are not designed, tested, manufactured or intended for operation or use in relation to any (i) on-line control of aircraft, air

traffic, aircraft navigation or aircraft communications; (ii) potentially explosive environments (unless Intrinsically Safe Products are specifically ordered, supplied and used in accordance with the supplied instructions); (iii) design, construction, operation or maintenance of any nuclear facility; or (iv) any tactical military use or medical life support applications.

- 13.5. The Buyer will not use or resell the Product for the purposes listed above. If Buyer (or Buyer's users) uses the Products for any such use, then such use is at Buyer's (or Buyer's user's) own risks, without any recourse against or with respect to Tait, and Buyer shall indemnify and hold Tait and its third party licensors harmless from any claims for loss, cost, damage, expense or liability.
- 13.6. The Buyer acknowledges that any software supplied cannot be tested in every possible permutation and accordingly Tait does not warrant that software supplied will be free of all defects or that its use will be uninterrupted.
- 13.7. Tait will not be liable to the Buyer for any claim for breach of Statute or breach of duty in Tort (including negligence) or for any claim in Equity or in law for any losses or damages, whether general, exemplary, punitive, direct, indirect or consequential (including loss of business, revenue, profits, use, data or other economic advantage) however caused, which may be suffered or incurred by the Buyer or any third person, or which may arise directly or indirectly out of or in respect of this agreement or the Products or by reason of any act or omission on the part of Tait to comply with its obligations under this Agreement even if Tait has been previously advised of the possibility of such damage.
- 13.8. In conjunction with Section 12, and subject only to the express warranties given by Tait, the Buyer's sole remedy against Tait will be limited to liability in contract and only in respect of Product which is within any applicable express Tait warranty period and Tait's sole and total liability for any such claim shall be limited, at the sole option of Tait, to any one or more of the following:

- 13.10. Notwithstanding anything herein stated, no employee, agent or director of Tait will be liable to the Buyer for breach of any duty of care in contract, tort, equity or otherwise in relation to the performance of obligations under this Agreement or in relation to the subject matter of this Agreement.

14. INTELLECTUAL PROPERTY WARRANTY

- 14.1. Because of the complexity of manufacturing techniques for electronic components and of the intellectual property rights pertaining thereto, Tait is unable to declare that the Product does not infringe the intellectual property rights of third parties. In the event that a third party makes a claim alleging that the Product infringes such third party's intellectual property rights, Tait undertakes at its option and expense to defend the claim or seek a compromise. If an unfavourable judgement is rendered against Tait, Tait shall, at its sole discretion, take out a license from said third party or shall modify the Product in such way as to avoid infringement or replace the components or software with components or software of equivalent quality, functionality and performance. If such solution shall be impractical for economic and / or technical reasons Tait shall accept the return of the Product and refund to the Buyer the Buyer's net book value for the Product deemed to infringe.
- 14.2. Tait's obligations under this clause shall only apply if the Buyer promptly notifies Tait, permits Tait through its counsel to defend and, if appropriate, settle the claim at Tait's expense, gives Tait all available information, assistance and authority to enable Tait to defend or settle the claim at Tait's expense and has not settled or compromised such claim.
- 14.3. Tait's obligations under this clause shall not apply if Tait has followed a design or instruction furnished or given by the Buyer or the Product has been modified without Tait's approval or used in a manner or for a purpose or in a country not specified by or disclosed to Tait prior to the order being made or the Product has been used in association with software or Product not supplied by Tait.

- 14.4. Clause 14 states the entire liability of Tait and the exclusive remedies for the Buyer for claims of infringement of third-party intellectual property rights.

15. COPYRIGHT INTELLECTUAL PROPERTY AND CONFIDENTIALITY

- 15.1. Copyright in all Tait documents (including drawings and software) furnished to the Buyer shall at all times remain vested in Tait or its licensors and neither the documents nor their contents shall be copied, reproduced or used for any purpose other than that for which they are furnished.
- 15.2. Data and information embodied in such documents, drawings and software or in firmware shall be held in confidence by the Buyer and shall not be disclosed to third parties nor used for any purpose other than operation and maintenance of the Product.
- 15.3. The Buyer shall take all reasonable measures to protect confidentiality and will not cause or permit anything which may damage or endanger Tait's goodwill, trademarks and intellectual property in the Product.
- 15.4. The Buyer acknowledges that Tait's intellectual property in the Product is unique and extraordinary and the Buyer hereby agrees that the loss thereof cannot adequately be compensated by damages and that, without limiting Tait's remedies, Tait shall be entitled to injunctive relief to enforce the provisions applicable to this Agreement.

16. SOFTWARE

- 16.1. Tait hereby grants at no additional charge to the Buyer a limited non-transferable and non-exclusive multi-site license to:

 - modify the Software only with the prior approval of Tait, provided that all such modifications shall remain the property of Tait, subject to the provisions of this Agreement.
- 16.2. The Buyer undertakes throughout the term and after termination of this Agreement to not copy (other than for back-up or purposes authorized by Tait), alter, reverse engineer, modify, enhance, compile, disassemble, license, sub-license, lease, sell, assign or reproduce any software (whether in whole or in part) supplied under this Agreement

and to not write or develop any derivative software or any other software programs based upon the Software.

- 16.3. Third Party software and software in third party products may be subject to separate terms and restrictions and if so these shall be notified to Buyer in writing or contained in any "box" or "on-screen" license supplied with such third party products (copies available on request), and Buyer shall be obliged to comply with the same.

17. TERRITORIAL RESTRICTIONS

- 17.1. The Buyer shall not, without the express prior written approval of Tait (which shall not be unreasonably withheld), export or use the Product, or sell or hire it to a person who to his knowledge intends to export or use it, outside the country of intended use as declared to Tait. The Buyer undertakes to comply with United States re-export control restrictions where applicable.
- 17.2. If export or import restrictions are imposed or export or import licenses are cancelled, withdrawn or not renewed, the Buyer shall pay for all goods and services already delivered at the contract rate and payments already made may be used by Tait in respect of claims or demands made or losses incurred under or in connection with the order.

18. SURVIVAL

The provisions of clause 13 (Limitation of Liability), 15 (Copyright, Intellectual Property and Confidentiality), 16 (Software) and 17 (Territorial Restrictions) shall survive termination of these Terms and extend to all media in which data and information may be stored or displayed.

19. FORCE MAJEURE

Tait shall not be liable for delay in delivery, nor for any failure to perform this agreement, or for loss or damage to the Products directly or indirectly caused by any act of God, fire, theft, riot, war, embargo, natural disaster, adverse weather, industry-wide disruptions to the supply or distributions chain, failure of third party suppliers to deliver parts and components, an action of any government or any other occurrence (whether or not of a similar nature to those specified) beyond Tait's reasonable control. Tait agrees to make and Buyer agrees to accept delivery whenever such causes of delay have been remedied making delivery possible.

20. DEFAULT AND TERMINATION

If the Buyer breaks any provision of this or any other contract with Tait, (and such breach is not remedied within thirty days of notice of the breach by Tait to the Buyer) or suffers distress or execution on the Product, declares bankruptcy,

makes arrangements with creditors or goes into liquidation or receivership (except for amalgamation or reconstruction), ceases or threatens to cease trading, Tait may (without affecting any other claim or remedy) suspend performance or terminate this or any other contract between Tait and the Buyer by providing written notice to the Buyer and shall be entitled to be paid for goods already delivered, and work-in-progress (including software generated but not supplied), as established in Clause 7 (Cancellation) above.

21. INTRINSICALLY SAFE PRODUCTS SALES

If the contract is for the purchase of Intrinsically Safe (IS) Products (both IS radios and IS accessories) the following terms shall apply:

- a) Tait Intrinsically Safe portable radios are certified to the standards and ratings specified in the relevant IS Certificate as held by the Certification Body.
- b) The Buyer confirms that the IS rating of the ordered IS Product is appropriate for the conditions of use required by the Buyer or end user as applicable. The Buyer further confirms that the functional requirements for the IS Products have been agreed with Tait and are as set out in the specification, statement of work or other agreed requirements document. Where no specification, statement of work or agreed requirements are specified then the Buyer acknowledges that the standard Tait product specification applies.
- c) It is a condition of use of a Tait IS radio that the radio is only used with compatible IS accessories. Compatible IS accessories must (i) comply with Tait interface entity parameters; and (ii) be certified to the applicable IS rating. An IS Product must be serviced in accordance with Tait repair policy and at Tait authorized facilities in order to maintain its IS rating.
- d) Tait shall not be held liable for any loss or damage resulting from the incorrect use or servicing of IS Products.
- e) If the Buyer is acquiring the IS Product under this contract for resale and is not the end user, the Buyer shall maintain accurate records of all Tait IS product sales made including product serial numbers and end user details for ten years. In the event that Tait identifies a safety critical defect the Buyer shall make such information available to Tait immediately upon request. In the event that Buyer ceases to conduct business it shall provide copies of its records relating to IS products sales to Tait.

22. GOVERNING LAW

- 22.1. These Terms shall be governed by New Zealand Law and subject to the exclusive jurisdiction of the New Zealand Courts. Tait may, at its sole discretion, enforce this agreement in the Buyer's jurisdiction or in any other jurisdiction the Buyer breaches these terms and conditions in and, in either such case, Tait may elect to enforce this agreement in accordance with the law of that jurisdiction. Notwithstanding the foregoing, the parties shall attempt to resolve in good faith any disputes arising between them and shall give due consideration to the use of mediation or alternative dispute resolution techniques and reference to independent experts prior to the issue of court proceedings.

23. MISCELLANEOUS PROVISIONS

- 23.1. Severability. In the event that any part or parts of this Agreement shall be held illegal or null and void by any Court or administrative body of competent jurisdiction, such determination shall not affect the remaining parts of this Agreement, which shall remain in full force and effect as if such part or parts held to be illegal or void had not been included in this Agreement. The parties will work together to negotiate a new language or conditions to replace said void or null part(s) that convey the spirit of the negotiations carried between them.
- 23.2. No waiver by Tait, whether expressed or implied, of any provision of these terms and conditions or of any breach or default thereof by the Buyer shall constitute a continuing waiver of such provision or waiver of any term nor shall acceptance of payments by Tait be deemed a waiver of any breach by the Buyer.
- 23.3. Nothing herein contained shall be construed to constitute the parties hereto as partners or joint ventures or the agent of the other Party in any sense of these terms whatsoever, and no Party

may act for or bind another Party in any dealings with a third party. BUYER SHALL BE DEEMED AN INDEPENDENT PARTY AT ALL TIMES AND SHALL HAVE NO EXPRESS OR IMPLIED RIGHT OR AUTHORITY TO ASSUME OR CREATE ANY OBLIGATION ON BEHALF OF TAIT. Buyer shall be solely responsible for its acts, conduct and expenses and for the acts, conduct and expenses of its employees and agents.

- 23.4. Buyer may not assign, transfer or sell all or any of its rights under this Contract without the advance written consent of Tait, which may be granted or withheld at Tait's sole discretion.

24. INTERFERENCE

While every effort will be made by Tait to minimize any radio interference experienced on a site, any additional costs incurred by Tait in investigating and eliminating interference problems will be to the customer's account. This additional work could include, but is not limited to, coordination with the frequency allocation authority, and/or on-site work to discover the source of any interference.
